DEFINITIONS OF ABBREVIATIONS AND FOOTNOTES

Schedules of Investments

Investment Abbreviations

ADR	American Depositary Receipt
GDR	Global Depositary Receipt
NVDR	Non-Voting Depositary Receipt
PLC	Public Limited Company
SA	Special Assessment

Investment Footnotes

*	Non-Income Producing Securities
<	Security was valued using significant unobservable inputs as of October 31, 2025
†	See Note B to Financial Statements.
#	Total or Partial Securities on Loan
\$	Affiliated Fund
@	Security purchased with cash collateral received from Securities on Loan

Financial Highlights

(a)	Computed using average shares outstanding
(b)	Net asset value total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period, if any, and redemption on the last day of the period at net asset value. This percentage is not an indication of the performance of a shareholder's investment in the Fund based on market value due to differences between the market price of the shares and the net asset value per share of the Fund.
(c)	Not annualized for periods less than one year
(d)	Annualized for periods less than one year
(e)	Excludes impact of in-kind transactions
(f)	Realized and unrealized gains per share are balancing amounts necessary to reconcile the change in net asset value per share for the period, and may not accord with the aggregate gains and losses in the Statements of Operations due to share transactions for the period.
(g)	Represents the combined ratios for the respective Fund and its respective pro-rata share of its Underlying Funds.

All Statements, Schedules and Notes to Financial Statements

—	Amounts designated as — are either zero or rounded to zero
SEC	Securities and Exchange Commission
U	Commencement of operations

DIMENSIONAL ETF TRUST

NOTES TO FINANCIAL STATEMENTS

A. Organization

The Dimensional ETF Trust (the “Trust”) was organized on June 16, 2020 as a Delaware statutory trust. The Trust is an open-end management investment company, registered under the Investment Company Act of 1940 (the “1940 Act”). As of October 31, 2025, the Trust is comprised of forty-one operational exchange-traded funds (“ETFs”) and is authorized to issue an unlimited number of shares of beneficial interest (“Shares”) for each fund representing interests in separate portfolios of securities. The accompanying financial statements are those of the following (individually referred to as a “Fund” or collectively as the “Funds”):

Fund	Short Name
Dimensional International Core Equity Market ETF	International Core ETF
Dimensional International Core Equity 2 ETF	International Core Equity 2 ETF
Dimensional International Small Cap Value ETF	International Small Cap Value ETF
Dimensional International Small Cap ETF	International Small Cap ETF
Dimensional International High Profitability ETF	International High Profitability ETF
Dimensional International Vector Equity ETF	International Vector Equity ETF
Dimensional Emerging Core Equity Market ETF	Emerging Markets Core ETF
Dimensional Emerging Markets High Profitability ETF	Emerging Markets High Profitability ETF
Dimensional Emerging Markets Value ETF	Emerging Markets Value ETF
Dimensional Emerging Markets Core Equity 2 ETF	Emerging Markets Core 2 ETF
Dimensional Emerging Markets ex China Core Equity ETF	Emerging Markets ex China Core ETF
Dimensional World Equity ETF	World Equity ETF
Dimensional Global Real Estate ETF	Global Real Estate ETF

The assets of each Fund are segregated and a shareholder’s interest is limited to the Fund in which Shares are held. The Funds are investment companies and, accordingly, follow the accounting and reporting guidance under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 946, “Financial Services – Investment Companies”.

The Board of Trustees of the Trust (the “Board”) is responsible for establishing the Trust’s policies and for overseeing the management of the Trust. Under the Trust’s organizational documents, its officers and trustees are indemnified against certain liabilities arising out of the performance of their duties to the Trust. In the normal course of business, the Trust enters into contracts that contain a variety of representations and warranties that provide general indemnification. The Trust’s maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Trust and/or its affiliates that have not yet occurred. However, based on prior experience, the Trust expects the risk of loss to be remote.

The World Equity ETF (the “Fund of Funds”) is a “Fund of Funds” that achieves its investment objective by allocating its assets among other funds managed by Dimensional Fund Advisors LP (the “Underlying Funds”). The World Equity ETF may also invest in affiliated and unaffiliated registered and unregistered money market funds. The Underlying Funds’ (excluding the Dimensional US Core Equity 1 ETF and the Dimensional U.S. Core Equity 2 ETF) shareholder reports are included in this report. Copies of the Dimensional US Core Equity 1 ETF and Dimensional U.S. Core Equity 2 ETF’s shareholder reports are available from the EDGAR database on the SEC’s website at <http://www.sec.gov>. As of October 31, 2025, the World Equity ETF was the owner of record of the following approximate percentages of the total outstanding shares of the following Underlying Funds as detailed below:

Fund of Funds	Underlying Funds	Percentage Ownerships at 10/31/2025
World Equity ETF	Dimensional US Core Equity 1 ETF	7%
	Dimensional U.S. Core Equity 2 ETF	1%

Fund of Funds	Underlying Funds	Percentage Ownerships at 10/31/2025
World Equity ETF	Dimensional International Core Equity 2 ETF	2%
	Dimensional Emerging Markets Core 2 ETF	1%
	Dimensional Global Real Estate ETF	1%

B. Significant Accounting Policies

Shares of the International Core ETF, International Vector Equity ETF, Emerging Markets Core ETF, Emerging Markets High Profitability ETF, Emerging Markets Value ETF, Emerging Markets Core 2 ETF, Emerging Markets ex China Core ETF, World Equity ETF, and Global Real Estate ETF are listed and traded on the NYSE Arca, Inc. Shares of the International Core Equity 2 ETF, International Small Cap Value ETF, International Small Cap ETF, and International High Profitability ETF are listed and traded on the Cboe BZX Exchange Inc. Market prices for the Shares may be different from their net asset value ("NAV"). The Funds issue and redeem Shares on a continuous basis at NAV only in large blocks of Shares called "Creation Units". Creation Units are issued and redeemed principally in-kind (and an amount of cash). Once created, Shares generally trade in the secondary market at market prices that change throughout the day in amounts less than a Creation Unit. Shares of each Fund may be purchased or redeemed directly only by certain financial institutions ("Authorized Participants"). An Authorized Participant is either (i) a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of the National Securities Clearing Corporation or (ii) a DTC participant and, in each case, must have executed a Participant Agreement with the Funds' distributor (the "Distributor"). Most retail investors do not qualify as Authorized Participants nor have the resources to buy and sell whole Creation Units. Therefore, they are unable to purchase or redeem Shares directly from a Fund.

The following is a summary of significant accounting policies consistently followed by each Fund in the preparation of its financial statements. These policies are in conformity with generally accepted accounting principles in the United States of America ("GAAP"). The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses for the period. Actual results could differ from those estimates.

1. Security Valuation

The Funds hold investments at fair value. Fair value is defined as the price that would be expected to be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The valuation techniques used to determine fair value are further described below.

Security values are ordinarily obtained through the use of independent pricing services pursuant to procedures approved by the Board. Pursuant to these procedures, the Funds may use a pricing service, bank, or broker-dealer experienced in such matters to value the Funds' securities. When reliable market quotations are not readily available for any security, the fair value of that security will be determined by a committee established by Dimensional Fund Advisors LP (the "Advisor"), with input from certain third-party pricing services and others, in accordance with Rule 2a-5 under the 1940 Act pursuant to procedures approved by the Board. The fair valuation process is designed to value the subject security at the price the Funds would reasonably expect to receive upon its current sale. Additional consideration is given to securities that have experienced a decrease in the volume or level of activity or to circumstances that indicate that a transaction is not orderly.

The Trust has a three-tier fair value hierarchy that is dependent upon the various inputs used to determine the value of the Funds' investments. The valuation techniques described below maximize the use of observable inputs and minimize the use of unobservable inputs in determining fair value. These inputs are summarized in the three broad levels listed below:

- Level 1 – Inputs are quoted prices in active markets for identical securities (including equity securities, open-end investment companies, and futures contracts). Money market fund shares are valued at their respective daily net asset values as reported by their administrator, as they are treated as regulated investment companies and are also included as Level 1 investments.
- Level 2 – Other observable pricing inputs at the measurement date (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)
- Level 3 – Significant unobservable pricing inputs at the measurement date (including the Funds' own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with investing in those investments.

Rights and warrants are valued at the last sales price on a national securities exchange. If these instruments are not scheduled to trade for a certain period, they are generally valued intrinsically based on the terms of the issuance and the price of the underlying security. These instruments are typically categorized as Level 1 in the hierarchy unless intrinsic value is used and then would be categorized as Level 2 in the hierarchy.

Equity securities (including exchange-traded Underlying Funds and over-the-counter securities) traded on a securities exchange are valued at the official closing price or the last reported sales price on the principal exchange. Equity securities quoted by Nasdaq are valued at the Nasdaq official closing price. If there is no last reported sale on the principal exchange or official closing price of the day, and in the case of over-the-counter securities, the Funds value the securities at the mean between the most recent quoted bid and asked prices. In each of these situations, securities are typically categorized as Level 1 and Level 2, respectively, in the hierarchy. The investment in The DFA Short Term Investment Fund (the "Short Term Series"), which is an open-end management investment company available for purchase only by the Funds and affiliated funds, is categorized as Level 2 in the hierarchy.

With respect to the International Core ETF, International Core Equity 2 ETF, International Small Cap Value ETF, International Small Cap ETF, International High Profitability ETF, International Vector Equity ETF, Emerging Markets Core ETF, Emerging Markets High Profitability ETF, Emerging Markets Value ETF, Emerging Markets Core 2 ETF, Emerging Markets ex China Core ETF, and Global Real Estate ETF (the "International Funds"), the prices of securities traded in foreign currencies will be expressed in U.S. dollars by using the mid-rate prices for the U.S. dollar as quoted by generally recognized reliable sources at 4 p.m. London time. The International Funds own securities that are primarily listed on foreign exchanges which may trade on days when the International Funds do not price their shares; therefore the value of securities held by the International Funds may change on days when shareholders will not be able to purchase or redeem shares.

Derivative Instruments: Forward currency contracts are valued using the sum of the spot rate, the available forward point quotation nearest and prior to settlement date, and the linear interpolation of the available forward point quotations nearest to, before and after the settlement date. Futures contracts are valued using the settlement price established each day on the exchange on which they are traded. The value of such futures contracts held by the Fund is determined each day as of such exchange close.

Listed derivatives, such as futures, that are actively traded are valued based on quoted prices from the exchange and are categorized as Level 1 in the hierarchy. Over-the-counter derivative contracts, which include forward currency contracts, do not require material subjectivity as pricing inputs are observed from quoted markets and are categorized as Level 2 in the hierarchy.

Securities for which no market quotations are readily available (including restricted securities), or for which market quotations have become unreliable, are valued in good faith at fair value in accordance with Rule 2a-5 under the 1940 Act pursuant to procedures approved by the Board. Fair value pricing may also be used if events that have a significant effect on the value of an investment (as determined in the discretion of the Advisor) occur before the NAV is calculated. When fair value pricing is used, the prices of securities used by the Funds may differ from the quoted or published prices for the same securities on their primary markets or exchanges. These securities are typically categorized as Level 2 or Level 3 in the hierarchy.

2. Security Transactions and Related Income

Investment transactions are accounted for no later than the first calculation of the NAV on the business day following the trade date. For financial reporting purposes, however, security transactions are accounted for on the trade date on the last business day of the reporting period. Securities' gains and losses are calculated on the identified cost basis. Interest income and expenses are accrued daily. Dividends, less foreign tax withholding, if any, are recorded on the ex-dividend date. Investment income from non-U.S. sources received by a Fund is generally subject to non-U.S. withholding taxes at rates ranging up to 30%. Such withholding taxes may be reduced or eliminated under the terms of applicable U.S. income tax treaties. Such taxes are accrued on a daily basis and due upon sale of individual securities. Non-cash dividend income received in the form of securities in lieu of cash, if any, is recorded at the fair value of the securities received. Distributions received on securities and from the investment in affiliated investment companies that represent a return of capital or capital gains are recorded as a reduction of cost of investments or as a realized gain, respectively. The Funds estimate the character of received distributions that may be considered return of capital distributions. Upon notification from issuers, a portion of the dividend income received from real estate investment trusts may be redesignated as a reduction of cost of the related investment and/or realized gain.

3. Foreign Currency Translations

The accounting records of the International Funds are maintained in U.S. dollars. Investment securities and other assets and liabilities of a Fund denominated in a foreign currency are translated into U.S. dollars at current exchange rates. Purchases and sales of securities, income receipts and expense payments are translated into U.S. dollars at the exchange rates on the date of the transactions. The International Funds do not isolate the portion of the results of operations resulting from changes in foreign exchange rates on investments from fluctuations arising from changes in market prices of securities held. Such fluctuations are included in "Change in Unrealized Appreciation (Depreciation) on Investment Securities and Foreign Currency Translations" on the Statements of Operations. Any realized gains or losses from these fluctuations are included in "Net Realized Gain (Loss) from Investment Securities Sold and Foreign Currency Transactions" on the Statements of Operations.

4. Restricted Securities

A restricted security is a security that cannot be offered for public sale without prior registration under the Securities Act of 1933 (the "1933 Act") (absent an exemption). Whether a restricted security is illiquid is determined pursuant to the applicable provisions of the Funds' liquidity risk management program. Not all restricted securities are considered illiquid.

5. Dividends and Distributions to Shareholders

Distributions are recorded on the ex-dividend date. The Funds intend to distribute to their shareholders net investment income, if any, at least quarterly and net realized capital gains, if any, at least annually. The amount of dividends from net investment income and net realized gains is determined in accordance with federal income tax regulations, which may differ from GAAP.

6. Deferred Compensation Plan

Each eligible Trustee (each a "Trustee" and collectively, the "Trustees") of the Trust may elect to participate in the Fee Deferral Plan for Independent Directors and Trustees (the "Plan"). Under the Plan, effective January 1, 2002, such Trustees may defer payment of all or a portion of their total fees earned as a Trustee. These deferred amounts may be treated as though such amounts had been invested in shares of the following funds, each of which are affiliates of the Funds, and advised by the Advisor: the U.S. Large Cap Value Portfolio, U.S. Core Equity 1 Portfolio, U.S. Large Company Portfolio, U.S. Vector Equity Portfolio, U.S. Micro Cap Portfolio, DFA International Value Portfolio, International Core Equity Portfolio, Emerging Markets Portfolio, Emerging Markets Core Equity Portfolio, DFA Inflation-Protected Securities Portfolio, and/or DFA Two-Year Global Fixed Income Portfolio. Contributions made under the Plan and the change in unrealized appreciation (depreciation) and income are included in Trustees' Fees & Expenses.

Each Trustee has the option to receive the distribution of proceeds by one of the following methods: lump sum, annual installments over a period of agreed-upon years, or quarterly installments over a period of agreed-upon years. Each Trustee shall have the right in a notice of election (the "Notice") to defer the receipt of the Trustee's deferred compensation until a date specified by such Trustee in the Notice, which date may not be sooner than the earlier of: (i) the first business day of January following the year in which such Trustee ceases to be a member of the Board and (ii) five years following the effective date of the Trustee's first deferral election. If a Trustee who elects to defer fees fails to designate in the Notice a time or date as of which payment of the Trustee's deferred fee account shall commence, payment of such amount shall commence as of the first business day of January following the year in which the Trustee ceases to be a member of the Board (unless the Trustee files an amended Notice selecting a different distribution date).

7. Other

Expenses directly attributable to a Fund are charged directly. Common expenses of the Funds are allocated using methods approved by the Board, generally based on average net assets.

The Funds may be subject to taxes imposed by countries in which they invest with respect to their investments in issuers existing or operating in such countries. Such taxes are generally based on income earned or repatriated and capital gains realized on the sale of such investments. The Funds accrue such taxes when the related income or capital gains are earned or throughout the holding period. Some countries require governmental approval for the repatriation of investment income, capital or the proceeds of sales earned by foreign investors. Additionally, if there is a deterioration in a country's balance of payments or for other reasons, a country may impose temporary restrictions on foreign capital remittances abroad. Emerging Markets Core ETF, Emerging Markets High Profitability ETF, Emerging Markets Value ETF, Emerging Markets Core Equity 2 ETF, Emerging Markets ex China Core ETF, and Global Real Estate ETF are subject to tax on short-term and long-term capital gains for investments in India. Such taxes are accrued on a daily basis and due upon sale of individual securities.

Tax reclaims receivable are recorded based on the Funds' interpretation of country-specific taxation of accrued dividend and interest income and may be subject to change due to changes in country-specific tax regulations or how the Funds interpret the taxation of dividend income or interest income and the related reclaimable amounts.

C. Derivative Instruments

All open derivative positions at period end are reflected on each Fund's Schedule of Investments. The following is a description of the derivative instruments utilized by the Funds, including the primary underlying risk exposure related to each instrument type. The Funds' derivative contracts are not accounted for as hedging instruments under GAAP.

1. Forward Currency Contracts

The International Funds may enter into foreign currency exchange transactions, including foreign currency forward contracts, in connection with the settlement of foreign securities or to transfer cash balances from one currency to another currency. The decision to hedge a Fund's currency exposure with respect to a foreign market will be based primarily on the Fund's existing exposure to a given foreign currency. Each contract is valued daily and the change in value is recorded by a Fund as an unrealized gain or loss, which is presented in the Fund's Statements of Operations as the "Change in Unrealized Appreciation (Depreciation) on Forward Currency Contracts". When the contract is closed or offset with the same counterparty, a Fund records a realized gain or loss equal to the change in the value of the contract when it was opened and the value at the time it was closed or offset. This is presented in the Statements of Operations as a "Net Realized Gain (Loss) from Forward Currency Contracts". Risks may arise upon entering into these contracts from the potential inability of counterparties to meet the terms of their contracts and from unanticipated movements in the value of foreign currency relative to the U.S. dollar.

2. Futures Contracts

Each Fund may purchase or sell futures and options on futures contracts for equity securities and indices to increase or decrease market exposure based on actual or expected cash inflows to or outflows from the Fund. Upon entering into futures contracts, the Funds are required to pledge to the broker an amount of cash and/or other assets equal to a certain percentage of the contract amount (initial margin deposit). Subsequent payments, known as “variation margin”, are made or received each day, depending on the daily fluctuations in the fair value of the underlying security. The Funds recognize an unrealized gain or loss equal to the daily variation margin. Should market conditions move unexpectedly, the Funds may not achieve the anticipated benefits of the futures contracts and may realize a loss. Futures contracts involve, to varying degrees, elements of market risk (generally equity price risk related to stock futures, interest rate risk related to bond futures, and foreign currency risk related to currency futures) and exposure to loss in excess of the amounts reflected on the Statements of Assets and Liabilities as “Futures Variation Margin”. The primary risks associated with the use of futures contracts are the imperfect correlation between the change in market value of the securities held by the Funds and the prices of futures contracts, the possibility of an illiquid market, and the possibility that the Fund could lose more than the initial margin requirements. The Funds entering into stock index futures are subject to equity price risk from those futures contracts. Counterparty credit risk related to exchange-traded futures is minimal because the exchange’s clearinghouse, as counterparty to all exchange-traded futures, guarantees the futures against default.

The average volume (based on the open positions at each fiscal month-end) of derivative activity for the period ended October 31, 2025 was as follows (amounts in thousands):

	Futures *
International Core ETF	\$29,084
International Core Equity 2 ETF	6,879
International Small Cap Value ETF	18,756
International Small Cap ETF	13,071
International High Profitability ETF	9,951
International Vector Equity ETF	374
Emerging Markets Core ETF	16,270
Emerging Markets High Profitability ETF	101
Emerging Markets Core 2 ETF	17,617
Emerging Markets ex China Core ETF	440

* Average Notional Value of futures contracts.

Summary of Derivative Instruments:

The following is a summary of the fair value of derivative instruments on the Statements of Assets and Liabilities, categorized by risk exposure, as of October 31, 2025 (amounts in thousands):

	Asset Unrealized Appreciation on Futures *(1)
Equity Risk Exposure:	
International Core ETF	\$266
Emerging Markets Core ETF	197

* Includes cumulative appreciation (depreciation) of futures contracts. Only current day’s variation margin is reported within the Statements of Assets and Liabilities.

(1) Presented on Statements of Assets and Liabilities as Receivables or Payables: Futures Variation Margin.

The following is a summary of the realized and change in unrealized gains and losses from the Funds' derivative instrument holdings categorized by primary risk exposure for the period ended October 31, 2025 (amounts in thousands):

	Realized Gain (Loss) from: Futures (1)	Change in Unrealized Appreciation (Depreciation) on Derivatives Futures (2)
Equity Risk Exposure:		
International Core ETF	\$3,966	\$341
International Core Equity 2 ETF	1,519	—
International Small Cap Value ETF	4,582	—
International Small Cap ETF	4,069	83
International High Profitability ETF	4,092	—
International Vector Equity ETF	58	—
Emerging Markets Core ETF	1,146	197
Emerging Markets High Profitability ETF	73	—
Emerging Markets Value ETF	1,052	—
Emerging Markets Core 2 ETF	1,129	—
Emerging Markets ex China Core ETF	94	—
Global Real Estate ETF	550	—

(1) Presented on Statements of Operations as Net Realized Gain (Loss) from: Futures.

(2) Presented on Statements of Operations as Change in Unrealized Appreciation (Depreciation) on: Futures.

Currency Rate Risk Exposure:

The International Funds had limited activity in forward foreign currency contracts during the period ended October 31, 2025 and no such contracts were outstanding as of October 31, 2025. Net realized and changes in unrealized gain or loss on such contracts were minimal during the period ended October 31, 2025, and are included in "Net Realized Gain (Loss) from Investment Securities Sold and Foreign Currency Transactions" and "Change in Unrealized Appreciation (Depreciation) on Investment Securities and Foreign Currency Translations", respectively, on the accompanying Statements of Operations.

Offsetting of Derivative Assets and Derivative Liabilities:

In order to better define contractual rights and to secure rights that will help mitigate counterparty risk, certain Funds have entered into an International Swaps and Derivatives Association, Inc. Master Agreement ("ISDA Master Agreement") or a similar agreement with certain derivative contract counterparties. An ISDA Master Agreement is a bilateral agreement between a Fund and a counterparty that governs over-the-counter ("OTC") derivatives and forward currency contracts and typically contains, among other things, provisions in the event of a default and/or termination event and may also include collateral posting items. Under an ISDA Master Agreement, a Fund may, under certain circumstances, offset with the counterparty certain derivative financial instruments' payables and/or receivables with collateral held and/or posted, if any, and create one single net payment. The provisions of the ISDA Master Agreement typically permit a single net payment in the event of a default (close-out), including the bankruptcy or insolvency of the counterparty. However, bankruptcy or insolvency laws of a particular jurisdiction may impose restrictions on or prohibitions against the right of offset in bankruptcy, insolvency, or other events.

For financial reporting purposes, a Fund does not offset derivative assets and derivative liabilities that are subject to netting arrangements in the Statements of Assets and Liabilities.

D. Investment Advisory and Other Contractual Services

1. Investment Advisory Fees

The Advisor serves as the investment advisor to the Funds pursuant to an investment management agreement. Subject at all times to the oversight and approval of the Board, the Advisor is responsible for the overall management of the Funds. Dimensional Fund Advisors Ltd. and DFA Australia Limited, each of whom are controlled by the Advisor, serve as Sub-Advisors for the Funds and are paid by the Advisor pursuant to separate sub-advisory agreements.

For the period ended October 31, 2025, each Fund's investment management fee was accrued daily and paid monthly to the Advisor based on the following effective annual rate of average daily net assets:

	Management Fee
International Core ETF.....	0.18%
International Core Equity 2 ETF	0.20%
International Small Cap Value ETF.....	0.39%
International Small Cap ETF	0.35%
International High Profitability ETF	0.25%
International Vector Equity ETF *	0.26%
Emerging Markets Core ETF.....	0.35%
Emerging Markets High Profitability ETF	0.35%
Emerging Markets Value ETF.....	0.38%
Emerging Markets Core 2 ETF.....	0.33%
Emerging Markets ex China Core ETF.....	0.33%
World Equity ETF.....	0.02%
Global Real Estate ETF.....	0.19%

* Effective as of February 28, 2025, the investment management fee payable by the International Vector Equity ETF was reduced from 0.30% to 0.25%.

Pursuant to a Fee Waiver and Expense Assumption Agreement (the "Fee Waiver Agreement"), the Advisor has contractually agreed to waive certain fees, and in certain instances, assume certain expenses of the International Core Equity 2 ETF, International Small Cap Value ETF, International Small Cap ETF, International High Profitability ETF, International Vector Equity ETF, Emerging Markets High Profitability ETF, Emerging Markets Value ETF, Emerging Markets Core 2 ETF, Emerging Markets ex China Core ETF, World Equity ETF, and Global Real Estate ETF.

For each such Fund (excluding the World Equity ETF), the Advisor has contractually agreed to waive all or a portion of its management fee and assume the ordinary operating expenses of the Fund (excluding the expenses that the Fund incurs indirectly through its investment in other investment companies) ("ETF Fund Expenses") to the extent necessary to limit the ETF Fund Expenses of the Fund, on an annualized basis, to the rate listed below as percentage of average net assets (the "Expense Limitation Amount").

For the World Equity ETF, the Advisor has contractually agreed to waive all or a portion of its management fee and assume the ordinary operating expenses of the Fund (including the expenses incurred through its investment in other investment companies but excluding the expenses that the Fund incurs through investment of its securities lending cash collateral in the Short-Term Series) ("Fund Expenses") to the extent necessary to limit the Fund Expenses, on an annualized basis, to the rate listed below as percentage of average net assets (the "Expense Limitation Amount").

The Fee Waiver Agreement will remain in effect through February 28, 2026, may only be terminated by the Trust's Board of Trustees prior to that date, and shall continue in effect from year to year thereafter unless terminated by the Trust or the Advisor. During the period ended October 31, 2025, the Funds had expense limits based on a percentage of average net assets on an annualized basis, as listed below. At any time that the ETF Fund Expenses of a Fund are less than the applicable Expense Limitation Amount listed below, the Advisor retains the right to recover fees previously waived and/or expenses previously assumed to the extent that the expense ratio following such recovery would be less than the Expense Limitation Amount that was in place when such prior year fees were

waived and/or expenses assumed and less than the current Expense Limitation Amount in place for the Fund. The waived fees/assumed expenses during the period ended October 31, 2025, recovered previously waived fees/assumed expenses during the period ended October 31, 2025, and previously waived fees/assumed expenses subject to future recovery by the Advisor are reflected below (amounts in thousands). The Trust, on behalf of a Fund, is not obligated to reimburse the Advisor for fees previously waived or expenses previously assumed by the Advisor more than thirty-six months before the date of recovery.

	Expense Limitation Amount	Waived Fees/ Assumed Expenses	Recovery of Previously Waived Fees/ Assumed Expenses
International Core Equity 2 ETF	0.23%	\$—	\$—
International Small Cap Value ETF	0.42%	104	134
International Small Cap ETF	0.39%	12	86
International High Profitability ETF	0.29%	—	—
International Vector Equity ETF *	0.30%	192	—

Emerging Markets Value ETF	0.43%	289	—
Emerging Markets Core 2 ETF	0.39%	147	150
Emerging Markets ex China Core ETF	0.43%	204	—
World Equity ETF	0.25%	—	75
Global Real Estate ETF	0.22%	7	139

* The expense limitation amount was reduced from 0.34% to 0.30% effective February 28, 2025.

	Previously Waived Fees/Assumed Expenses Subject to Future Recovery			
	Expiring			
	10/31/2026	10/31/2027	10/31/2028	Total
International Small Cap Value ETF	\$—	\$43	\$104	\$147
International Small Cap ETF	—	—	12	12
International Vector Equity ETF	—	16	192	208
Emerging Markets High Profitability ETF	73	65	75	213
Emerging Markets Value ETF	124	233	289	646
Emerging Markets Core 2 ETF	—	353	147	500
Emerging Markets ex China Core ETF	—	—	204	204
Global Real Estate ETF	—	—	7	7

International Core ETF and Emerging Markets Core ETF (each, a “Unitary Fee Fund” and together, the “Unitary Fee Funds”) pay the Advisor a unitary management fee for managing the Funds’ assets. Pursuant to the investment management agreement with the Trust, on behalf of each Unitary Fee Fund, the Advisor is responsible for substantially all ordinary fund operating expenses, except for (i) the fee paid under the investment management agreement; (ii) payments under the Fund’s 12b-1 plan (if any); (iii) brokerage expenses (including any costs incidental to transactions in fund securities, instruments and other investments); (iv) taxes; (v) interest expenses (including borrowing costs and dividend expenses on securities sold short and overdraft charges); (vi) litigation expenses (including litigation to which the Trust or Fund may be a party and indemnification of the Trustees and officers with respect thereto); (vii) Trustees’ fees and expenses; (viii) legal expenses of counsel to the Independent Trustees; (ix) Chief Compliance Officer (“CCO”) compensation; (x) acquired fund fees and expenses (if any); and (xi) other non-routine or extraordinary expenses.

For the Unitary Fee Funds, pursuant to a separate contractual arrangement, the Advisor arranges for the provision of CCO services with respect to each Fund, and is liable and responsible for, and administers, payments to the CCO, the Independent Trustees, and counsel to the Independent Trustees. The Advisor receives a fee of up to 0.0044% of each Fund’s average daily net assets for providing such services and paying such expenses. The Advisor provides CCO services to the Trust.

2. Earned Income Credit

Additionally, certain Funds have entered into arrangements with their custodian whereby net interest earned on uninvested cash balances was used to reduce a portion of each Fund's custody expenses. Custody expense in the accompanying financial statements is presented before reduction for credits. The impact of such credits is generally less than one basis point of each Fund's net assets. During the period ended October 31, 2025, expenses were reduced as follows (amounts in thousands):

	Fees Paid Indirectly
International Core Equity 2 ETF	\$321
International Small Cap Value ETF	146
International Small Cap ETF	176
International Vector Equity ETF	10
Emerging Markets ex China Core ETF	18

3. Administration, Accounting, Transfer Agent, and Custodian Fees

Citi Fund Services Ohio, Inc. serves as the Funds' Administrator and Fund Accountant pursuant to a Services Agreement with the Trust. Citibank, N.A. serves as the Funds' Custodian and Transfer Agent pursuant to a Global Custodial and Agency Services Agreement with the Trust.

4. Distribution

DFA Securities, LLC, a wholly-owned subsidiary of the Advisor, is the principal underwriter and distributor for the Funds' Shares. The Distributor does not maintain any secondary market in the Funds' shares. No compensation is paid by the Funds to the Distributor under the distribution agreement.

5. Fees Paid to Officers and Trustees

Certain Officers and Trustees of the Advisor are also Officers and Trustees of the Trust; however, such Officers and Trustees (with the exception of the CCO, with respect to the Funds, except the Unitary Fee Funds) receive no compensation from the Trust. For the period ended October 31, 2025, the total related amount paid by the Trust to the CCO was \$111 (in thousands). The total related amounts paid by each of the Funds are included in "Other Expenses" on the Statements of Operations.

E. Deferred Compensation

As of October 31, 2025, the total liability for deferred compensation to Trustees is included in "Accrued Expenses and Other Liabilities" on the Statements of Assets and Liabilities as follows (amounts in thousands):

	Total
International Core Equity 2 ETF	\$24
International Small Cap Value ETF	8
International Small Cap ETF	7
International High Profitability ETF	10
International Vector Equity ETF	—
Emerging Markets High Profitability ETF	1
Emerging Markets Value ETF	3
Emerging Markets Core 2 ETF	14
Emerging Markets ex China Core ETF	—
World Equity ETF	2
Global Real Estate ETF	7

F. Federal Income Taxes

Each Fund has qualified (with respect to the Emerging Markets ex China Core ETF, intends to qualify) and intends to continue to qualify as a regulated investment company under Subchapter M of the Internal Revenue Code for federal income tax purposes and to distribute substantially all of its taxable income and net capital gains to its shareholders. Accordingly, no provision has been made for federal income taxes.

Distributions from net investment income and net realized capital gains are determined in accordance with U.S. federal income tax regulations, which may differ from those amounts determined under GAAP. These book/tax differences are either temporary or permanent in nature. To the extent that these differences are permanent, they are charged or credited to paid-in capital or distributable earnings, undistributed net investment income or accumulated net realized gains or losses, as appropriate, in the period that the differences arise. Accordingly, the permanent differences as of October 31, 2025, can occur as a result of realized gains on securities considered to be “passive foreign investment companies,” non-deductible expenses, realized foreign capital gains tax, the use of accumulated earnings and profits distributed to shareholders on redemptions of shares as part of the dividends paid deduction for income tax purposes, net foreign currency gains/losses, distributions received from real estate investment trusts and distribution redesignations, redemption in-kind transactions, and were reclassified to the accounts mentioned above. These reclassifications had no effect on net assets or net asset value per share.

The tax character of dividends and distributions declared and paid during the periods ended October 31, 2024 and October 31, 2025, were as follows (amounts in thousands):

	Net Investment Income and Short-Term Capital Gains	Long-Term Capital Gains	Total
International Core ETF			
2024	\$149,000	\$—	\$149,000
2025	262,771	—	262,771

Global Real Estate ETF	45,444	—	(32,876)	171,863	184,431

(1) The difference between book-basis and tax-basis unrealized appreciation (depreciation) are attributable primarily to: tax deferral of losses on wash sales and amortization of certain expenses.

For federal income tax purposes, the Funds measure their capital loss carryforwards annually at October 31, their fiscal year end. Capital loss carryforwards may be carried forward and applied against future capital gains. As of October 31, 2025, the Funds had the following capital loss carryforwards available to offset future realized capital gains with no expiration date (amounts in thousands):

	Total
International Core ETF	\$282,513
International Core Equity 2 ETF	359,611
International Small Cap Value ETF	67,074
International Small Cap ETF	136,066
International High Profitability ETF	131,608
International Vector Equity ETF	1,050
Emerging Markets Core ETF	329,377
Emerging Markets High Profitability ETF	23,793
Emerging Markets Value ETF	63,760
Emerging Markets Core 2 ETF	374,893
Emerging Markets ex China Core ETF	2,070
Global Real Estate ETF	32,876

During the period ended October 31, 2025, the Funds did not use capital loss carryforwards to offset realized capital gains for federal income tax purposes.

As of October 31, 2025, the total cost and aggregate gross unrealized appreciation (depreciation) of securities for federal income tax purposes were different from amounts reported for financial reporting purposes, as follows (amounts in thousands):

	Tax Cost of Securities	Unrealized Appreciation	Unrealized Depreciation	Net Unrealized Appreciation (Depreciation)
International Core ETF	\$9,410,567	\$3,080,962	\$(297,564)	\$2,783,398
International Core Equity 2 ETF	8,342,662	3,141,250	(143,692)	2,997,558
International Small Cap Value ETF	3,104,440	749,150	(109,170)	639,980
International Small Cap ETF	3,893,234	690,491	(126,131)	564,360
International High Profitability ETF	4,088,386	801,706	(83,156)	718,550
International Vector Equity ETF	101,278	20,964	(2,476)	18,488
Emerging Markets Core ETF	5,222,060	2,286,462	(229,980)	2,056,482
Emerging Markets High Profitability ETF	207,197	108,385	(6,554)	101,831
Emerging Markets Value ETF	915,044	351,748	(21,273)	330,475
Emerging Markets Core 2 ETF	4,705,854	2,148,329	(122,530)	2,025,799
Emerging Markets ex China Core ETF	203,054	47,495	(7,082)	40,413
World Equity ETF	763,118	174,468	—	174,468
Global Real Estate ETF	2,750,369	268,182	(95,972)	172,210

The difference between GAAP-basis and tax-basis unrealized gains (losses) can occur as a result of wash sales, net mark-to-market gains (losses) on regulated futures contracts, net mark-to-market gains (losses) on foreign currency contracts, and differences in the tax treatment of passive foreign investment company investments or other investments.

In accordance with GAAP, the Funds recognize the tax benefits of uncertain tax positions taken or expected to be taken in a tax return only when the position is more likely than not to be sustained, assuming examination by tax authorities. Management has analyzed the Funds' tax positions and has concluded that no additional provision for income tax is required in the Funds' financial statements. The Funds are not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will significantly change in the next twelve months. The Funds' federal tax returns for the prior three fiscal years, if applicable, remain subject to examination by the Internal Revenue Service.

G. Securities Lending

As of October 31, 2025, the Funds had securities on loan to brokers/dealers for which the Funds received cash collateral. The contractual maturity of cash collateral received under the securities lending agreement is classified as overnight and continuous. Additionally, the Funds received non-cash collateral consisting of short-and/or long-term U.S. Treasuries and U.S. government agency securities as follows (amounts in thousands):

	Non-Cash Collateral Market Value
International Core ETF	\$82,693
International Core Equity 2 ETF	112,834
International Small Cap Value ETF	34,998
International Small Cap ETF	104,384
International High Profitability ETF	3,909
International Vector Equity ETF	745
Emerging Markets Core ETF	274,093
Emerging Markets High Profitability ETF	4,980
Emerging Markets Value ETF	43,199
Emerging Markets Core 2 ETF	368,023
Emerging Markets ex China Core ETF	775
Global Real Estate ETF	3,510

Each Fund with securities on loan invests the cash collateral, as described below, and records a liability for the return of the collateral during the period the securities are on loan. Loans of securities are expected at all times to be secured by collateral in an amount (i) equal to at least 100% of the current market value of the loaned securities with respect to securities of the U.S. government or its agencies, (ii) generally equal to 102% of the current market value of the loaned securities with respect to U.S. securities, and (iii) generally equal to 105% of the current market value of the loaned securities with respect to foreign securities. However, daily market fluctuations could cause the Funds' collateral to be lower or higher than the expected thresholds. If this were to occur, the collateral would be adjusted the next business day to ensure adequate collateralization. In the event of default or bankruptcy by the other party to the agreement, realization and/or retention of the collateral may be subject to legal proceedings. If the borrower fails to return loaned securities, cash collateral being maintained by the borrower is insufficient to cover the value of loaned securities, and such collateral insufficiency is not the result of investment losses, the lending agent has agreed to pay the amount of the shortfall to the Fund or, at the option of the lending agent, to replace the securities. In the event of the bankruptcy of the borrower, the Fund could experience delay in recovering the loaned securities or only recover cash or a security of equivalent value.

Subject to its stated investment policies, a Fund with securities on loan will generally invest the cash collateral received for the loaned securities in the Short Term Series, an affiliated registered ultrashort term bond fund advised by the Advisor for which the Advisor receives a management fee of 0.05% of the average daily net assets of the Short Term Series. Income received from the Short Term Series is netted with fees for securities lending and collateral investment expenses and with other payments to and from borrowers of securities. Each Fund also may invest the cash collateral received for the loaned securities in securities of the U.S. government or its agencies, repurchase agreements collateralized by securities of the U.S. government or its agencies, and affiliated or unaffiliated money market funds that are registered or unregistered. For purposes of this paragraph, agencies include both agency debentures and agency mortgage-backed securities. Additionally, a Fund will be able to terminate the loan at any time and will receive reasonable interest on the loan, as well as amounts equal to any dividends, interest or, other distributions on the loaned securities. However, dividend income received from loaned securities may not be eligible for taxation at qualified dividend income rates.

H. Affiliated Trades

Cross trades for the period ended October 31, 2025, if any, were executed by the Funds pursuant to procedures adopted by the Board to ensure compliance with Rule 17a-7 under the 1940 Act. Cross trading is the buying or selling of fund securities between series of investment companies, or between a series of an investment company and another entity, that are or could be considered affiliates by virtue of a common investment advisor (or affiliated investment advisors), common Trustees and/or common Officers. At its regularly scheduled meetings, the CCO certifies to the Board that the 17a-7 transactions entered into by the Funds complied with the Rule 17a-7 Procedures adopted by the Board.

For the period ended October 31, 2025, cross trades by the Funds under Rule 17a-7 were as follows (amounts in thousands):

	<u>Purchases</u>	<u>Sales</u>	<u>Realized Gain (Loss)</u>
International Core ETF	\$70,222	\$97,565	\$(22,783)

Emerging Markets ex China Core ETF	43,080	—
World Equity ETF	311,493	15,933
Global Real Estate ETF	676,228	7,986

There were no purchases or sales of U.S. government securities during the period ended October 31, 2025.

J. Capital Shares Transactions

Shares are issued and redeemed by each Fund, solely with Authorized Participants, and only in aggregations of a specified number of shares or multiples thereof at NAV. Except when aggregated in Creation Units, shares of each Fund are not redeemable. Transactions in shares for each Fund are disclosed in detail on the Statements of Changes in Net Assets.

The consideration for the purchase of Creation Units of a Fund generally consists of the in-kind deposit of a designated basket of securities, which constitutes an optimized representation of the securities of that Fund's specified universe, and an amount of cash. Investors purchasing and redeeming Creation Units may be charged a transaction fee to cover the transfer and other transactional costs it incurs to issue or redeem Creation Units. The Advisor may increase, decrease or otherwise modify the creation transaction fee to an amount that, in its judgment, is necessary or appropriate to recoup for the Fund the costs it may incur as a result of such purchases, or to otherwise eliminate or reduce so far as practicable any dilution of the value of the Shares.

Such transactions fees are treated as increases in capital and are disclosed in the Funds' Statements of Changes in Net Assets.

From time to time, settlement of securities related to subscriptions-in-kind or redemptions-in-kind may be delayed. In such cases, securities related to in-kind contributions are reflected as "Due from Custodian" and securities related to in-kind redemptions are reflected as "Securities Payable Related to In-Kind Transactions" on the Statements of Assets and Liabilities.

When an Authorized Participant fails to deliver one or more of the securities within a designated basket (in the case of a subscription-in-kind), fails to deliver the Fund ETF Shares (in the case of a redemption-in-kind), or is required by the Fund, prior to settlement, to accommodate the trading of foreign securities in local markets, the Fund may require the Authorized Participant to deliver and maintain cash collateral in accordance with the Authorized Participant agreement. Daily market fluctuations could cause the value of the missing securities or Fund ETF Shares to be more or less than the value of the collateral received and when this occurs, the collateral is adjusted. The Fund records an asset and a corresponding liability for the return of the collateral that are reflected as "Collateral for ETF Capital Activity" on the Statements of Assets and Liabilities.

K. Financial Instruments

In accordance with the Funds' investment objectives and policies, the Funds may invest in certain financial instruments that have off-balance sheet risk in excess of the amounts recognized in the financial statements and concentrations of credit and market risk. These instruments and their significant corresponding risks are described below:

Foreign Market Risks: Investments in foreign markets may involve certain considerations and risks not typically associated with investments in the United States of America, including the possibility of future political and economic developments and the level of foreign governmental supervision and regulation of foreign securities markets. These markets are generally smaller, less liquid and more volatile than the major securities markets in the United States of America. Consequently, acquisition and disposition of international securities held by the Funds may be inhibited.

L. Line of Credit and Interfund Lending Program

The Trust, together with other Dimensional-advised funds, has entered into a \$700 million unsecured line of credit with its custodian bank effective December 26, 2024. A line of credit with similar terms was in effect through December 26, 2024. Each Fund is permitted to borrow, subject to its investment limitations, up to a maximum of the lower of one-quarter of such Fund's net assets or \$500 million, as long as total borrowings under the line of credit do not exceed \$700 million in the aggregate. Each Fund is individually, and not jointly, liable for its particular advances under the line of credit. Borrowings under the line of credit are charged interest at rates agreed upon by the parties at the time of borrowing. There is no commitment fee on the unused portion of the line of credit. The line of credit agreement expires on December 25, 2025.

For the period ended October 31, 2025, borrowings by the following Funds under the line of credit were as follows (amounts in thousands, except percentages and days):

	Weighted Average Interest Rate	Weighted Average Loan Balance	Number of Days Outstanding *	Interest Expense Incurred	Maximum Amount Borrowed During the Period	Outstanding Borrowings as of 10/31/2025
International Small Cap Value ETF	5.09%	\$1,273	4	\$1	\$1,816	\$—
International Small Cap ETF	5.08%	1,870	1	—	1,870	—
International Vector Equity ETF	5.08%	33	3	—	42	—
Emerging Markets Core 2 ETF	5.08%	179	4	—	185	—

* Number of Days Outstanding represents the total of single or consecutive days during the period ended October 31, 2025, that each Fund's available line of credit was used.

Pursuant to an exemptive order issued by the SEC (the "Order"), the Funds may participate in an interfund lending program among certain portfolios managed by the Advisor (funds that operate as feeder funds do not participate in the program). The program allows the participating funds to borrow money from and loan money to each other for temporary or emergency purposes, subject to the conditions in the Order. A loan can only be made through the program if the interfund loan rate on that day is more favorable to both the borrowing and lending funds as compared to rates available through short-term bank loans or investments in overnight repurchase agreements and money market funds, respectively, as detailed in the Order. Further, a fund may participate in the program only if and to the extent that such participation is consistent with its investment objectives and limitations. Interfund loans have a maximum duration of seven days and may be called on one business day's notice.

The Funds did not use the interfund lending program during the period ended October 31, 2025.

M. Segment Reporting

In this reporting period, the Funds adopted FASB Accounting Standards Update 2023-07, Segment Reporting (Topic 280) – Improvements to Reportable Segment Disclosures ("ASU 2023-07"). The adoption of the new standard only impacted financial statement disclosures and did not affect each Fund's financial position or the results of its operations. An operating segment is defined in Topic 280 as a component of a public entity that (i) engages in business activities from which it may recognize revenues and incur expenses, (ii) has operating results that are regularly reviewed by the public entity's chief operating decision maker ("CODM") to make decisions about resources to be allocated to the segment and assess its performance, and (iii) has discrete financial information available. The Trust's Co-Chief Executive Officers and the Chief Financial Officer act as the Funds' CODM. Each Fund represents a single operating segment, as the CODM monitors the operating results of the Fund as a whole. Each Fund's long-term strategic asset allocation is executed by its portfolio management team and guided by each Fund's investment objective and principal investment strategies, as described in each Fund's respective prospectus. The financial information provided to and reviewed by the CODM is consistent with that presented in each Fund's Schedule of Investments, Statement of Operations, Statement of Changes in Net Assets, and Financial Highlights.

N. New Accounting Pronouncement

In December 2023, the FASB issued Accounting Standards Update 2023-09, Income Taxes (Topic 740) – Improvements to Income Tax Disclosures ("ASU 2023-09"). Effective for annual periods beginning after December 15, 2024, the amendments require greater disaggregation of disclosures related to income taxes paid. The ASU 2023-09 allows for early adoption and requires that amendments be applied on a prospective basis. Management is currently evaluating the impact of the ASU 2023-09 but does not expect the guidance to materially impact the financial statements.

O. Other

The Funds are subject to claims and suits that arise from time to time in the ordinary course of business (for example, claw back litigation against former shareholders of fund companies that filed for bankruptcy). Although management currently believes that resolving claims, if any, against the Funds, individually or in aggregate, will not have a material adverse impact on the Funds’ financial position, results of operations, or cash flows, these matters are subject to inherent uncertainties and management’s view of these matters may change in the future.

Active trading markets for a Fund’s Shares may not be developed or maintained by market makers or Authorized Participants. Authorized Participants are not obligated to make a market in a Fund’s Shares or to submit purchase or redemption orders for Creation Units, which may widen bid-ask spreads. Trading in Shares on an exchange may be halted in certain circumstances. There can be no assurance that the requirements of the listing exchange necessary to maintain the listing of a Fund will continue to be met.

As of October 31, 2025, the Advisor’s ownership of the following Fund as a percentage of net assets was as follows:

	Percentage of Net Assets
International Vector Equity ETF.....	8%

P. Subsequent Events

Management has evaluated the impact of all subsequent events on the Funds through the date on which the financial statements were issued and has determined that there are no subsequent events requiring recognition or disclosure in the financial statements.

Report of Independent Registered Public Accounting Firm

To the Board of Trustees of Dimensional ETF Trust and Shareholders of each of the thirteen funds listed in the table below

Opinions on the Financial Statements

We have audited the accompanying statements of assets and liabilities, including the schedules of investments, of each of the funds indicated in the table below (thirteen of the funds constituting Dimensional ETF Trust, hereafter collectively referred to as the “Funds”) as of October 31, 2025, the related statements of operations and of changes in net assets for each of the periods indicated in the table below, including the related notes, and the financial highlights for each of the periods indicated in the table below (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of each of the Funds as of October 31, 2025, the results of each of their operations, the changes in each of their net assets, and each of the financial highlights for each of the periods indicated in the table below, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinions

These financial statements are the responsibility of the Funds’ management. Our responsibility is to express an opinion on the Funds’ financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Funds in accordance with the U.S. federal securities laws

PricewaterhouseCoopers LLP, Two Commerce Square, Suite 1700, 2001 Market Street, Philadelphia, PA 19103-7042
T: (267) 330 3000, www.pwc.com/us

and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits of these financial statements in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. Our procedures included confirmation of securities owned as of October 31, 2025 by correspondence with the custodian, brokers and transfer agent of the investee fund; when replies were not received from brokers, we performed other auditing procedures. We believe that our audits provide a reasonable basis for our opinions.

/s/PricewaterhouseCoopers LLP

Philadelphia, Pennsylvania
December 19, 2025

We have served as the auditor of one or more investment companies in Dimensional Fund Advisors L.P. investment company group since 1981.

Tax Notice to Shareholders (Unaudited)

The following information is solely for informational purposes. Each Fund is designating the U.S. federal income tax character of the following items with respect to distributions paid or expected to be paid to shareholders related to the fiscal year ended October 31, 2025. All designations are based on financial information available as of the date of this annual report and, accordingly are subject to change. For each classification below and including “Section 163(j) interest dividends” as defined in Treasury Regulation §1.163(j)-1(b)(35) and “Section 199A dividends” as defined in Treasury Regulation §1.199A-3(d), it is the intent of the Fund to designate the maximum amount permitted under the Internal Revenue Code and the regulations thereunder.

For U.S. federal income tax purposes, shareholders generally must report distributions received from a Fund on a calendar-year basis, which therefore may include distributions with respect to portions of two fiscal years of the Fund. Annual statements needed by shareholders concerning the tax status of distributions received for the calendar year 2025 (e.g., IRS Form 1099-DIV) will be provided in early 2026. Shareholders should refer to these statements in preparing their calendar year 2025 tax returns. Please consult your tax advisor for the proper treatment of this information. Unless otherwise noted, the amounts in the table are expressed as a percentage of the distributions paid with respect to the fiscal year ended October 31, 2025.

The amounts in the table expressed as a percentage of distributions for the fiscal year 2025, as specifically noted in the footnotes, are based on these estimates and subject to change.

- (1) Qualified Dividends represents the amount that qualifies for the corporate dividends-received deduction under Section 243 of the Internal Revenue Code and is reflected as a percentage of estimated ordinary income distributions (the total of short-term capital gain and net investment income distributions) for the fiscal year 2025.
- (2) Qualified Dividend Income represents the amount that qualifies for the reduced capital gain tax rate under Section 1(h)(11) of the Internal Revenue Code and is reflected as a percentage of estimated ordinary income distributions (the total of short-term capital gain and net investment income distributions) for the fiscal year 2025.

- (3) U.S. Government Interest represents the amount of interest that was derived from direct U.S. Government obligations and distributed during the fiscal year. This amount is reflected as a percentage of total estimated ordinary income distributions (the total of short-term capital gain and net investment income distributions) for the fiscal year 2025. Generally, interest from direct U.S. Government obligations is exempt from state income tax. Please consult your tax advisor for the availability of a state tax exemption based on your individual circumstances.
- (4) Foreign Tax Credit represents the amount of dividends that qualify for the foreign tax credit pass through under Section 853 of the Internal Revenue Code and is reflected as a percentage of "investment company taxable income" (as defined in Section 852(b)(2) of the Internal Revenue Code).
- (5) Foreign Source Income represents the amount of dividends derived from foreign sources and is reflected as a percentage of "investment company taxable income" (as defined in Section 852(b)(2) of the Internal Revenue Code).
- (6) Qualified Net Interest Income represents the amount of interest income available as interest-related dividends generally exempt from withholding taxes for non-U.S. shareholders under Section 871(k)(1) of the Internal Revenue Code. The information is reflected as a percentage estimated ordinary income distributions (the total of short-term capital gain and net investment income distributions) for the fiscal year 2025.
- (7) Qualified Short-Term Capital Gain represents the amount available as short-term capital gain dividends generally exempt from withholding taxes for non-U.S. shareholders under Section 871(k)(2) of the Internal Revenue Code. The information is reflected as a percentage of estimated ordinary income distributions (the total of short-term capital gain and net investment income distributions) for the fiscal year 2025.
